

PROFILE

Having always had an adventurous nature, I've combined my passion for the outdoors and desire to explore new and interesting places, forging a path that many dare not follow.

A career in the Armed Forces provided me with skills such as leadership, resilience, discipline and a selfless commitment to all the projects I am involved with.

Working on productions for BBC, ITV, Sky, Netflix and Disney+; I've been inspired to train towards an application for the British Stunt Register. Taking on the disciplines of Acting, Judo, Rock Climbing, Scuba Diving, Swimming and Horse riding.
